

## Declaration of conformity

Alumeco AS hereby declare that the alloys:  
AMPCO 8, AMPCO 18, AMPCO 22, AMPCO M4, AMPCOLOY 940 and AMPCOLOY 944  
Keep to the legislation in force concerning material and goods intended contact with foods.

### The declaration is based on:

#### **THE EUROPE PARLIAMENT AND COUNCIL REGULATION (EU) no. 1935/2004**

*" The fundamental principle in this regulation is that the materials and the goods, which are intended for direct or indirect contact with foods, must be so inactive that they do not give materials the foods in amounts that can involve any danger to the human health or cause an unacceptable change of the food composition or a degradation of their organoleptic quality."*

#### **REGULATION OF THE COMMISSION (EU) no. 2023/2006**

Relative to this regulation that concerns "Good procedure of manufacturing the material and goods in contact with foods" the principal purpose for Alumeco AS considers ensuring our customers with fully traceability via batch- and certificate control.

### Declaration for no. 1935/2004:

Specific alloy declarations can be found on the producer homepage:

[Food Approval Data | AMPCO METAL](#)

### The declaration does not include:

- Future surface treatments

### Certificates

At all times, Alumeco AS recommend that all goods are ordered with 3.1 material certificate to ensure the traceability and the product qualifications for the use in the food industry.

Alumeco AS recommend moreover, that the customer basically ensure that the chosen aluminium is qualified for the usage in the relations, where it must be used. On this subject Alumeco AS can give guidance.

For further information about aluminum, its qualifications and potential use and surface treatments, we refer to [www.alumeco.dk](http://www.alumeco.dk) and contact to our Quality Manager René Christensen, [rhc@alumeco.dk](mailto:rhc@alumeco.dk).
